Reimbursement Information For Transportation Account-Parking Transportation Account-Vanpool Expenses

1. If you have out of pocket parking fees or vanpool expenses not already deducted through payroll, you may choose to enroll in the Parking or Vanpool Transportation Account. Eligible out of pocket expenses must meet the following requirements:
 - Transportation Account - Parking
 - Incurred to park your car in a facility at or near the business premises of the employer or
 - Incurred to park your car at or near a location from which you commute to work by (a) Mass transit facilities, (b) a Commuter Highway Vehicle, (c) By vanpooling, (d) By carpool or (e) By any other means
 - Transportation Account - Vanpool
 - Expenses incurred for participation in a commuter highway vehicle (vanpool). Under IRS rules, vanpools are defined as any highway vehicle that has seating capacity of at least six adults, excluding the driver, and meets the two following requirements for mileage use: At least 80% of the vehicle mileage use must be reasonably expected to be (1) for transporting employees in connection with travel between their residences and their place of employment and (2) on trips during which the number of employees transported for commuting is, on average, at least one-half of the adult seating capacity, excluding the driver.
2. Reimbursement is based upon the incurred or paid date. **You “incur” an expense on the date that the transit service is purchased.** You must provide proof that the expenses were incurred by attaching a statement from the provider indicating the date of service, a description of the service and the charge for the service. Examples of acceptable documentation for transit expenses are a receipt from the parking facility, or your vanpool driver (the vanpool driver’s signature on the form is also acceptable). **Do Not** send canceled checks, copies of checks or credit card receipts/statements. **Keep a copy of the documentation for your records.** There is a fee for retrieval and copying of previously processed claims.
3. If there is not enough money in your Transportation Account to cover in full the eligible expenses listed on this form, you will be reimbursed up to the amount of your account balance and the excess expenses will be carried forward and paid from the contributions you make in subsequent periods. You do not have to re-submit the charges.
4. See the Pre-Tax Benefits Plan Year Summary for more detailed information on Transportation Accounts.
